

***Breathe—***  
*the key to life,  
the breath that awakens the flute,  
a reminder that every note begins  
with the gift of air within us.*

***Create—***  
*to step into passion,  
to shape sound into song,  
to let the heart speak  
through wood and wind.*

***Share—***  
*to offer what is ours,  
to let music flow between us,  
reuniting ourselves with each other  
and with all creation.*

*Breathe is the key to life.  
Create is the key to love.  
Share is the key to unity and purpose.*
